PROFILE

Highly motivated and enthusiastic web developer with a strong academic background in computer science.

Proactive learner, constantly seeking to expand knowledge and stay up-to-date with emerging technologies. Strong problem-solving skills and the ability to work effectively both independently and as part of a team. Eager to contribute to dynamic projects and leverage my skills to deliver innovative web solutions.

WORK EXPERIENCE

Intern

Central Bank of Lebanon

Jun 2023 - Present

- Develop and implement an Inventory Management System using Django and Python, enabling users to efficiently manage inventory by providing features such as login authentication, adding new items, editing existing items, and deleting items.
- Design and implement a robust database structure using MySQL to store inventory information, ensuring efficient data retrieval and management.
- Create user-friendly interfaces and intuitive layouts for the Inventory Management System, enhancing user experience and facilitating seamless navigation.
- Collaborate closely with a team of developers
- Develop a Certificate and License Management System, allowing users to add certificates and licenses, specify issuance and expiration dates, and easily mark them as inactive using a user-friendly interface.
- Conduct thorough testing and debugging of the developed projects, ensuring high-quality deliverables with minimal errors or issues.
- Demonstrate strong problem-solving skills by resolving technical challenges and addressing issues promptly, contributing to the overall efficiency and effectiveness of the projects.

Web Developer

Feb 2023 - Present

Freelance

- Develop landing pages, dashboards, and online applications by using Shopify and WordPress.
- Install plugins and additional coding to fit the final design and requirements
- Work on eCommerce maintenance and management for client websites.
- Build good relationships with colleagues by fostering open communication and coordination to facilitate teamwork, cooperation, and success.

Waiter

Roadster Diner / Ni Cafe / Casper&Gambini's / Lina's

- Greet new customers, discusses specials, and take drink orders.
- Collaborate with kitchen staff to efficiently update customers on unavailable dishes and wait times.
- Achieve monthly sales goals by using successful strategies to promote unique desserts and beverages.
- Explain menu items and suggests appropriate options for any concerns.
